

# PLAYSPOT foam floor tiles

Playspot includes 20 tiles and 30 connector pieces.

PLEASE NOTE: We have included an additional 4 replacement connectors. You will only need 26 connectors to assemble a complete Playspot.

Place desired number of tiles side-by-side on floor.

PLEASE NOTE: Tiles should be assembled textured side up. Create your own color pattern or match the designs provided on this package.

Secure the tiles together by using the appropriate connector shapes.
